## Mosquito Prevention Tips

Old tires, cans, pails, and other  
water holding containers are ideal  
breeding sites. Store them upside  
down or get rid of them. Empty  
plastic wading pools once a week  
and store them inside when not in  
use. Unused backyard swimming  
pools may also create breeding  
problems. For pellets call 543-2981

## Mosquito Fogging Notice

People with asthma and weak immune  
systems such as small children and the  
elderly should remain inside during  
spraying according to the Centers for  
Disease Control and Prevention. Time  
and Dates of schedule will be posted at  
Collectors office, City Hall and Our Place.

## Special Thank You
